CAPABILITY STATEMENT

TopGear Transport Logistics · Building Materials Supplies

COMPANY OVERVIEW

TopGear Transport Logistics supplies building materials and delivers them to construction sites across Harare and surrounds. In operation since January 2025, with 700+ loads delivered to 60+ locations.

Building materials supplied and delivered across Harare: bricks by brick grabber, sand, stones and gravel by tipper, and cement by small truck.

SERVICES

Supply and delivery
Building materials sold and delivered to site in one order, with the right truck for each material.

Project haulage
Materials hauled to your construction site for the length of a project.

Scheduled supply runs
Recurring deliveries on an agreed schedule, so materials arrive before your crew needs them.

Dedicated truck hire
A tipper truck and driver assigned to your job for an agreed period.

Quarry-to-site logistics
Stone, sand and dust collected from the quarry or pit and delivered straight to your site.

FLEET

Tipper truck (2)
Scania tipper trucks that deliver loose materials (sand, stones, gravel, quarry dust, rubbles and top soil) and tip them where you need them on site.

Brick grabber
A crane truck that lifts brick packs off and sets them down on site, so bricks arrive stacked rather than tipped.

Small truck
A smaller truck for bagged cement, which customers usually order in small quantities.

Every truck's servicing is scheduled and tracked in our fleet management system, which also keeps a record of every trip.
